CURRICULUM VITAE

PERSONAL DETAILS

Full Name: MUTIE ALEX MAMBO
Nationality: KENYAN
ID / Passport No.: 42031043
Date of Birth: 01 OCTOBER 2003
Gender: Male
Marital Status: Single
Phone Number: +254 708476852
Email Address: alexmambomutie@gmail.com
Postal Address: P.O. Box 61 – 60100, EMBU
Current Location: EMBU, Kenya

PROFESSIONAL PROFILE

A motivated Bachelor of Science in Information Technology student at the University of Embu with practical experience in ICT operations, software development, networking, technical troubleshooting, and online technical tutoring. Experienced in developing Flutter applications integrated with Firebase and Cloud Firestore,s upporting ICT equipment management, and participating in system testing and network troubleshooting. Demonstrates strong analytical, communication, problem-solving, leadership, and teamwork skills. Served as a CIT Departmental Representative, contributing to student engagement and technology-focused initiatives. Seeking opportunities to apply technical expertise, develop innovative digital solutions, and contribute to organizational technology objectives.

EDUCATION

Bachelor of Science in Information Technology
University of Embu, Embu, Kenya
Status: Ongoing Fourth Year

Relevant areas: Software Development, Database Management, Web Development, Networking, Cloud Computing, Systems Analysis, and ICT Support.

PROFESSIONAL EXPERIENCE

ICT Attachee — ICT Department

Kenya School of Government (KSG), Embu Campus
Duration: 13 weeks

- Supported day-to-day ICT operations, help desk activities, and technical troubleshooting in an organizational environment.
- Developed a Flutter-based ICT equipment management solution using Firebase and Cloud Firestore to support equipment issue, movement, and return records.
- Participated in software testing, troubleshooting, and the improvement of ICT-related digital solutions.
- Gained hands-on exposure to network infrastructure, including switches, routers, wireless access points, and connectivity troubleshooting.
- Assisted with ICT equipment management, record keeping, and technical user support.
- Gained practical exposure to server administration and general ICT operations.

Online IT Tutor / Part-Time Technical Instructor

Independent Online Teaching
Duration: Approximately 1 year

- Delivered online technical learning sessions and guided students through IT-related concepts.
- Explained programming and technology concepts in a clear, structured, and practical manner.
- Supported learners in understanding software development tools and technologies.
- Assisted students with technical troubleshooting and practical learning activities.
- Developed communication, mentoring, presentation, and remote collaboration skills.

TECHNICAL PROJECTS

1. KSG ICT Equipment Management System

Technologies: Flutter, Dart, Firebase, Cloud Firestore

- Developed a digital solution for recording and managing ICT equipment issues, movement, and returns.
- Structured equipment records to support organized tracking and reporting.
- Applied software development and testing skills to address a practical organizational ICT need.

2. MCA Attendance and Monitoring System

Technologies: Flutter, Firebase, QR Code — Proposed Project

- Designed a proposed digital attendance monitoring solution for Members of a County Assembly.
- Planned attendance recording, entry monitoring, and administrative reporting functionality.
- Explored the use of digital identification and attendance records to improve monitoring and accountability.

3. AgriLink Kenya

Technologies: Flutter, Firebase — Proposed Project

- Developed the concept for a digital platform connecting small-scale farmers with potential buyers.
- Planned farmer registration, crop listings, buyer discovery, and order management features.
- Focused on using mobile technology to improve agricultural market access.

LEADERSHIP EXPERIENCE

CIT Departmental Representative

University of Embu

- Represent student concerns and contribute to communication between students and university leadership.
- Advocate for improved ICT facilities, digital initiatives, and technology-focused student engagement.
- Support student welfare, transparency, and participation in departmental matters.
- Promote opportunities for students to engage with technology organizations and industry professionals.

Class Representative

School of Pure and Applied Sciences, University of Embu
2025–2026

- Supported communication between students and relevant academic representatives.
- Helped communicate student concerns and academic information.
- Encouraged student engagement and coordination.

TECHNICAL SKILLS

Software and Mobile Development

- Flutter and Dart
- Mobile and cross-platform application development
- Firebase Authentication
- Cloud Firestore
- Software testing and troubleshooting

Web Development

- HTML5

- CSS3
- JavaScript
- Responsive website development

Databases and APIs

- SQL and MySQL
- Database management fundamentals
- API integration and testing using Postman

Networking and ICT Operations

- Network troubleshooting
- Routers, switches, and wireless access points
- Basic Linux and Kali Linux operations
- IT support and help desk operations
- ICT equipment management
- Basic server administration exposure

Professional Skills

- Problem-solving and analytical thinking
- Communication and public speaking
- Leadership and teamwork
- Technical tutoring and knowledge sharing
- Time management and organization
- Adaptability and continuous learning

CERTIFICATIONS AND PROFESSIONAL DEVELOPMENT

- **Web Development Fundamentals** — IBM SkillsBuild, September 2026
- **CCTV Operation** — IBM SkillsBuild, 2024
- **Networking Basics** — Cisco Networking Academy, 2025
- **Attachment Networking Certificate** — Kenya School of Government, April 2026
- **Peer Counselling and Education Training** — University of Embu, 2025
- **Students Leaders Boot Camp** — Kenya Universities Students Federation (KUSF), September 2026
- **Special Member Certificate** — C.U, 2024/2025

ADDITIONAL STRENGTHS

- Practical exposure to organizational ICT operations.
- Experience applying programming skills to real-world technology needs.
- Interest in software engineering, networking, cloud technologies, and digital transformation.
- Commitment to professional growth, ethical conduct, and continuous technical learning.
